What is Blue Stars Certified™?

Here at Blue Stars, Dr. M leads a hand-picked team of expert admissions consultants. She has personally trained all Blue Stars consultants to master her unique approach to preparing students for success in an ever-changing and increasingly challenging admissions landscape. Blue Stars Certified means you're getting the care, expertise, and insight required for you to soar above the competition with calm and confidence.

The admissions journey at Blue Stars is like no other. Having mastered the art of guiding families through high-stakes decision-making, we transform the stressful process of school selection into one of growth and exploration. Our refined strategies will lead you effortlessly to a best-fit school list categorized as reach, target, and safety. At Blue Stars, we have engineered an efficient research, discussion, and decision-making methodology that saves you precious time. We carefully tailor the school selection process to each family's need, ensuring a harmonious experience. Before you know it, your school list will evolve!

Working with Blue Stars on your admissions essays, you will be amazed to find a writing voice you never knew you had. Here's how it works. You'll begin writing your essays with our proprietary free-writing program, leading you to see yourself in a new light. Then you and your editor will meet with Dr. M for an extended discussion about the creative and powerful ways you can present yourself. Next, working closely with your editor, you'll notice your writing skills advancing as you work in a step-by-step fashion. As your essays take form, you'll meet with Dr. M again to get critical feedback for writing your final drafts. At the end of the journey, you'll find yourself beaming with pride, excited about your results, and ready for whatever the future brings.

Over 90% of Blue Stars students get admitted into their dream schools each year. This success is possible because of our particularly rigorous and creative approach to undergraduate admissions. For nearly 10 years, Dr. M has helped hundreds of students get into the very best universities and art schools. When you choose Blue Stars, you're choosing the best path to your dream schools.
